Legislative Background

What is the Local Control and Accountability Plan (LCAP)?

The LCAP is intended as a comprehensive planning tool to support student outcomes and is an important component of the Local Control Funding Formula (LCFF). Under the LCFF, all school districts and charter schools are required to prepare an LCAP, which describes how they intend to meet annual goals for all pupils, with specific activities to address state and local priorities identified.

LCAP Changes, Equity Multiplier (EM)

How the EM Program Works

Parent Advisory Committee (PAC)

District English Learner Advisory Committee (DELAC)

Black /African American Advisory Board (BAAAB)

Community Advisory Committee (CAC)

American Indian Education Program Parent Committee (AIEPPC)

Student Advisory Committee (SAC)

Bargaining Partners (i.e. Sacramento City Teachers' Association & United Professional Educators)

The LCAP's Focus On Underserved Students

In collaboration with its educational partners, the district has focused this educational plan on improving the outcomes of those who have historically been underserved. In our community, these groups are those that comprise the Local Control Funding Formula's Unduplicated Pupil Count –

The background image shows a large crowd of people, likely students and staff, gathered for an event. The crowd is dense and fills most of the frame. In the center, there is a blue rounded rectangle with white text. The text reads: "Full List of Schools Included in 2024-25 LCAP Reflections:". The overall scene is brightly lit, suggesting an outdoor daytime event.
