3.0 CLOSED SESSION

While the Brown Act creates broad public access rights to the meetings of the Board of Education, it also recognizes the legitimate need to conduct some of its meetings outside of the public eye. Closed session meetings are specifically defined and limited in scope. They primarily involve personnel issues, pending litigation, labor negotiations, and real property matters.

3.1 Government Code 54956.9 - Conference with Legal Counsel:

Rita Baljiah
Ruben Trejo
Valentina Martinez
Millie Hernandez
Terrence Gladney
Deborah Wilson
Tasha Dillard
Erinn Leone

8.0 COMMUNICATIONS

Black/African American Advisory Board-Terrence Gladney highlighted what Ms. Leone and her alliance brought forth. It really uplifts the urgency from 2019, when the Board approved the 13 recommendations of then, The African American Taskforce. Mr. Gladney shared that here we are over 5 years later, and the same incidents that birthed that taskforce are reoccurring in our school district. On behalf of B/AAAB, and what Ms. Leone brought up, what is enough for the Board to act with enough urgency to end these outcomes for our students and staff? Mr. Gladney referenced a post that Dr. Luke Wood from Sac State posted on social media on September 5th. Mr. Gladney shared how Sac State is not only representing the diversity that this world needs, but they also represent the diversity that this district needs, not only in the population, but in our actions and policies. Mr. Gladney shared that the Board sets the vision for the staff to act, and if the Board has not come together in solidarity to set a vision for their body, then there is no way that the staff or community can act with a measured vision, and make sure that we're in alignment. When Mr. Gladney comes into this space as a Black man and a Black father, he does not feel like this organization firmly stands, and willing to step out and say that they are unapologetically representing and serving Black students. Mr. Gladney concluded by asking what is enough for the Board to act.

Board Comment:

Member Jeane shared that she really appreciates the dedicated, strategic, and focused approach to really think through how we're able to get a grant for these places, what can we learn from its successes to be able to start building it up system-wide. Member Jeane loves that we're looking at culturally responsive books. Member Jeane really appreciates that there is a focus on anti-bias, anti-racist, and trauma-informed practices, because so many of our students are coming to school with so many realities, and the last few years have been so hard on all of us. So, empowering our educators to be even better for our students in all of these ways is so important. Member Jeane concluded by thanking staff for their work and the presentation.

Member Phillips thanked staff for the presentation.

9.6 *Approve Resolution No. 3448 – Supporting Proposition 2 – The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities*

11.1 *Proposed Changes to Civic Permit Board Policy 1330, Facility Use Handbook, and Permit Pricing (Chris Ralston)*

*Board Comment:
Member Pritchett wanted to know how many people attended the community meetings, and how did staff put out the notification to all of our groups to let them know that these community meetings were taking place. Member Pritchett wanted to know how the civic permit insurance prices are different from what we had been charging before. On page 14, under prohibited activities, Member Pritchett requested to have “boosters” added to the list. Member Pritchett wanted to know how student bands that are not a part of a class are impacted in the permit process. Member Jeane thanked staff for including employees and personnel. Member Jeane shared that our janitors work so hard to keep our campuses clean, and so often they are doing work that is not just maintaining cleaning, but repairing as well. Member Jeane just wants to make sure that they are being thought of and compensated. Member Jeane appreciates the care for not only the facilities, but for the staff that work so hard as well. Member Kayatta thanked staff for being so deliberate on trying to get feedback. Member Kayatta shared that if this program is able to sustain itself, we can have better facilities for community groups, but also facilities for our students. Member Kayatta asked Mr. Ralston to share the renewed vision for how we envision our civic spaces to be used for other than academic uses.*
