October 21, 2020 Public Comments

Comment I want the district to renegotiate the 1999 deal made with SCTA leaders to fund their union leaders' jobs as district positions while also paying for "classroom replacements."

Every day in clinic I see patients who are falling through the cracks—kids who, without

health impacts that the school closures have had on our children will have far greater and longer lasting impacts.

Sincerely yours,

Rebecca Cunningham, M.D.
