# Role of the LCAP

The LCAP is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities. The LCAP provides an opportunity for local educational agencies (LEAs) to share their stories of how, what, and why programs and services are selected to meet their local needs.

  - (2) Annual Update for the 2020-21 Learning Continuity and Attendance Plan

# LCAP Goal Types

The new template provides guidance regarding three types of LCAP goals that districts should consider:

- **Focus Goal:** Concentrated in scope and may focus on a fewer number of metrics to measure improvement.
- **Broad Goal:** Less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** Includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

# Stakeholder Engagement

- Input from (prior) 2020-21 LCAP efforts
- Distance Learning Input (Surveys, Listening Sessions)

# **LCAP PAC and Student Recommendations**

# Background

- The following recommendations were developed by the LCAP PAC over the 2019-20 year and fall of 2020.
- They build upon the priorities shared in the PAC's June 2020 presentation to the board, the input supporting the 2020-21 Learning Continuity and Attendance Plan, and priorities shared by past LCAP PACs and other district groups.
- The LCAP PAC will continue to provide input throughout the LCAP development process. These recommendations were submitted in December 2020 following a 2019-20 PAC goal to provide initial input earlier in the LCAP process.

# Overarching Priorities

The recommendations are guided by four overarching priorities:

- **Coherence and consistency in the provision of a foundational educational program and experience for all students**
- **Equitable opportunities, experiences, and outcomes**
- **Disruption of the status quo - Acting on opportunities for radical changes to programs and practices**
- **Implementation of a Multi-Tiered System of Supports (MTSS)**

These priorities represent through-lines that underpin the larger set of more specific recommendations.
