Impact on Employees      While mathematically possible to meet the number of sections being taught, it would require multiple teachers to obtain a second, single subject credential to teach more than one subject.

This is a small school that works diligently to provide students with internships, college course support, etc. Reducing staff would create more work on an already small staff

Impact on Operations      If students were to take college classes as part of their requirements for graduation then board policy would *need to be reviewed and possibly changed* with accompanying expenditures to purchase textbooks.

If the program moved to a comprehensive high school, the move of the program's
