Background/Rationale : In the spring of 2016, an Instructional Materials Committee was convened to review and recommend ELA/ELD textbooks/instructional materials for Board approval. Teachers serving on this committee were selected based on their expertise with student populations represented within the district, including English Learners, Special Needs, GATE, and underperforming students. The teachers carefully analyzed these programs for ELA/ELD content alignment and standards, instructional programs, universal access, and assessments. The textbooks were on display for six weeks at the district office and were also available online for public viewing and input. After an in-depth review of the programs the Instructional Committee is recommending the aforementioned materials for adoption and Board approval.
