Board Policy

Relations With Vendors

BP 3315

Business and Noninstructional Operations

No district employee or Governing Board member shall accept personal gifts, commissions or expense-paid trips from individuals or companies selling equipment, materials or services required in the operation of district programs. Gifts include any gift purchased specifically for an employee which is not generally offered to other buyers.

This policy does not prohibit employees from accepting promotional or advertising items such as calendars, desk pads, notebooks and other office gadgets which are offered by business concerns free to all as part of their public relations programs.

District purchases of goods or non-employee services shall not be made from vendors with which district employees hold an economic interest. A district employee is considered to hold an economic interest in a vendor if they own, work for, serve as a consultant for, or have other financial interests with the vendor or if a member of an employee's immediate family has a direct financial interest in the potential vendor. A direct financial interest is defined as full or partial ownership, employment by, or existence of a consulting contract.
