*Board Comments:*

*Vice President Murawski thanked staff and said she is happy to see that take home tests are available. She wants to make sure the message of why these things need to be done is communicated. She also reminded that she is in favor of making vaccination mandatory. She noted that experts predict a lot of spread of COVID-19 in January and February.*

*Member Rhodes also said he is happy to learn that take home tests are available before the winter break. He is looking forward to the data that comes back. He asked for clarification on when the most recent surveys went out. Superintendent Aguilar clarified that this is a question generated when parents upload information. Member Rhodes asked for a breakdown of students vaccinated by trustee area and for information on what is being done to help areas that have higher infection rates. Superintendent Aguilar said that test kits are being distributed with a focus on that lens as well as the location of vaccination clinics.*

*Member Phillips asked if anything is being done in high schools that are not comprehensive. Ms. Flores said that every school site has access to a health aide staffed on site. Each site will also have a surveillance testing day scheduled as well as access to daily COVID-19 testing as needed. She added that this extends to adult education and pre-school programs.*

*President Pritchett thanked the team for the work being done and also recognized that a clinic was put in the farthest area of the District, in the east. She asked if Ms. Flores had heard of any considerations to do COVID-19 rapid tests prior to vaccinations or boosters to make sure individuals are not COVID-19 positive and asymptomatic. Ms. Flores responded some clinics have partnered that, but that has not been totally done in the District. She said there is the capacity to do that, however. President Pritchett said she would like to see that.*

8.3 *Trustee Area Redistricting – Full Demographic Presentation with Map Options (Ken Reynolds)*

**Information**

*Board Comments:*

*Member Villa noted that a lot of students attending Hiram Johnson High School live in her vicinity. She feels it is important to look at where students predominantly live to make sure it is known where they are coming from and to make sure the District is representing them appropriately.*

*Member Garcia said that after reviewing the maps she sees that Area Two is going to be affected the most. She noted that all maps indicate Area Two will lose two important schools that are a true reflection of the rest of the District, Hiram Johnson High School and Tahoe Elementary School. She offered to the rest of the Board to put these school back to Area Two; otherwise Area Two will not have any Title I schools. She feels it is important that all trustee areas have schools that have high needs students. Therefore, she proposed that Map A be modified.*

*Member Phillips said that in looking at the maps it makes sense that every trustee area be touched by the level of socio-economic factors that affect the majority of District students. Therefore, she agrees with Member Garcia.*

*President Pritchett said, if it is the will of the Board, this item can be brought back in January to show other options related to Area Two. The Board agreed and asked that Title I schools be shown on the maps.*

8.4 *Approve Annual Organizational Meeting of the Board of Education*
