Year-Round Conversion

Teacher Commitment For

teacher resigns or retires, the teacher agrees to reimburse the District, funds will be deducted

Current year-round teachers have the option to continue on the current prepay schedule throughout their career with the District. If current year-round teachers decide not to continue on the current prepay schedule, they have the option to enroll in the 10-month pay cycle, which will eliminate the paychecks for July and August.

You may select one of the following methods of payment of your annual salary. Please check the method of payment you wish.

I opt to continue on the current prepay schedule. I understand that if I resign or retire from District service on or before June of any given school year, I agree to reimburse the District funds that have been prepaid. If I do not reimburse the District, funds will be deducted from my last paycheck

I choose to have my annual salary divided in 10 monthly payments. I understand that I will receive my last salary warrant for the current year on June 30th.
