Re: **Weekly Assessment Progress Updates – Sixth Update for Case S-0401-20/21**

Dear Mr. Durgin,

The Sacramento City Unified School District’s (“SCUSD” or “District”) shares its sixth update regarding corrective actions outlined in the California Department of Education’s (“CDE”) March 8, 2021 Investigation Report (“Decision”) for Case S-0401-20/21 as follows:

Corrective Action 1: The majority of assessments have been completed and the initial IEP has been scheduled for June 2, 2021.

Corrective Action 2: Completed, submitted, and pending CDE’s final review.

Corrective Action 3: Completed, submitted, and pending CDE’s final review.

Corrective Action 4: Completed, submitted, and pending CDE’s final review.

Corrective Action 5: Completed, submitted, and pending CDE’s final review.

Corrective Action 6: Please see attached spreadsheet entitled “Completed Assessments_3.1.2021-5.17.2021.” The spreadsheet includes the SSID, school site, last name, first name, date of birth, date IEP is due, initial or triennial indicator, In-process indicator (Yes, No, Speech Only) for assessments, assessor indicator (site staff or NPA), IEP meeting status indicator (completed, scheduled, not scheduled), and IEP Team meeting date.

Additionally, on May 17, 2021, SCUSD responded to CDE’s April 19, 2021 letter relaying that it has completed 412 outstanding assessments from March 1, 2021 to May 17, 2021, including holding IEP meetings to review those assessments. On May 20, 2021 the District received a letter requesting for a report of the student to be provided. The spreadsheet was provided to you via email at 11:30am. The District has also provided you with read-only access to its electronic IEP system. Please note, the CDE’s access permits it to view that status of parent’s consent.

Lastly, on May 10, 2021, the District and CDE participated in a technical assistance meeting in which discrepancies were identified between the SEIS and CALPADS reporting system. As was reported last week, the District has been collaborating with the San Joaquin SEIS Support team to identify and correct the cause for the discrepancies within the SEIS system. An upload was completed on May 20, 2021 in which 109 student transactions were successfully uploaded to CALPADS. 80 of those transactions address the discrepancies which were identified on May 10, 2021. The District will continue to work to resolve the remaining discrepancies.

Corrective Action 7: The District has developed a guidance document for IEP teams to determine learning loss needs as well as the need for compensatory services. This guidance document was previously provided to the CDE.

Thank you for your collaboration and let me know if you have any questions or comments.

Sincerely,

/s/Raoul Bozio
